WISCONSIN.

Waukesha, Wis., July 11.—[Special.]—The question of beautiful days, glorious nights, and social pleasures during the week constituted a formidable combination that did not fail to make the life of the sojourner at this popular summer resort delightful. Wednesday, during the noon recess, Judge Pinney, of the Circuit Court, gave a complimentary concert in the parlors of Fountain Park Hotel, which was attended by a large number of guests and citizens. Miss Lucy Hall, soprano, and Miss Lillian Hall, violinist, of Chicago, rendered a very pleasing programme, which was highly appreciated by the audience. Miss Lillian Hall is a pupil of Prof. Bernhard Listemann, and is a violinist of rare ability. Miss Lucy Hall is a pupil of Mme. Emma Thursby, and has a voice of unusual sweetness and power. Both ladies were encored several times, and responded graciously. Mrs. Pinney presided at the piano with her usual charming ease and grace. Among those present were Mrs. Judge Pinney, Mrs. Judge Bunn, Mrs. Judge Bennett, Mrs. Judge Vinton, Mrs. Judge Bloodgood, Mrs. Judge Bryant, Mrs. Judge Bardeen, Mrs. Judge Kohlsaat, Mrs. Judge Tuley, Mrs. Judge Gary, Mrs. Judge Prendergast, Mrs. Judge Waterman, Mrs. Judge Gibbons, Mrs. Judge Clifford, Mrs. Judge Ball, Mrs. Judge Stein, Mrs. Judge Goggins, Mrs. Judge Kersten, Mrs. Judge Dunne, Mrs. Judge Adams, Mrs. Judge Horton, Mrs. Judge Chytraus, Mrs. Judge Ewing, Mrs. Judge Hanecy, Mrs. Judge Hopkins, Mrs. Judge Hollister, Mrs. Judge Hutchinson, Mrs. Judge Hanford, Mrs. Judge Hawes, Mrs. Judge Hinton, Mrs. Judge Hurd

SUNDAY, JULY 12, 1896.

Senator Palmer announces his purpose to support Cleveland. He can be a statesman without half an effort.

Gen. John C. Black and Judge W. H. Green worked on Mayor Harrison yesterday and mulled him of his nomination for Congress by the Illinois Democrats. Mr. Harrison accepted the nomination, of course, and made a speech.

The Canadian Indians authorities have ordered without the knowledge of John C. Eno, the chronicling New York Sachem.

Jesse Reno, a descendant of Confederate Gen. D. Reno, applied for a position under the civil service examination. He failed.

Mr. Clement Scott of the New York Press has arrived in London, and expresses great satisfaction at the continuance of Queen Lil.

Between the Terror of the San Francisco Chronicle and a select party were entertained at a banquet by Irving, the actor, in London Friday evening.

Grover Cleveland, the Buffalo Democrat, according to the St. Louis Republic (Rep. organ), has voted fifty a year on the Red Jim ex-urban south of Seattle.

The New York Sun spends some of Dan Lamont, Bissell & Co. wash on assignment Sunday for the benefit of its readers. The exhibition aggregates about $1,000,000.

The English, Welsh, and Scotch shareholders of the Bacon & Hi-Grade Beef have voted to the progress of electricity regarding to the management of that corporation.

The Wichita Pub. of St. Louis, Mo., of which Carl Schurz is part owner, after hitting the Republican ticket, owns not whether they morning will the administration that it would support Bacon and Lease in preference to Cleveland and Hendricks.

The Committee to Inquire was very doubtful that St. Blake shall be elected President of the United States, and some of the leaders are considering the advisability of leading an address to the 1,000 electors of America advising them to vote for the Bacon nominees.

There is a general feeling of disappointment and a sensible lack of enthusiasm among the Democratic politicians of Washington over the nomination of Cleveland. They talk about it as if the men were beaten, and as if they were destined to defeat some how.

The election upheaval at Hamilton is spreading. There were thirty ballots Friday night and between 8 and 10 o'clock yesterday morning nine ballots. The people are losing from the city in large numbers. The railway stations are crowded with people trying to secure passenger tickets.

The committee appointed to investigate the St. Louis Postoffice reports that the Democratic Postmaster, though incompetent, is energetic and active; but the Cashier and Assistant Cashier are too old to perform satisfactorily the duties of their respective offices. The committee recommend a slight increase in the clerical force.

Mr. Andrew Carnegie, the Pittsburg millionaire, has quarreled with his English partner, Mr. Samuel Storey, M. P., over the management of their half a dozen Sheffield newspapers. Carnegie furnished the money and Storey the brains for the journalistic enterprises. Storey was making the papers too radical. Hence the quarrel.

The Chicago produce markets were quiet and under liquidation. As compared with Friday, pork and wheat showed unchanged, lard and oats 1c each lower, corn ½c each lower, and ribs ½c each lower. The shipments of the week exceeded the receipts by 411,000 bushels wheat and 177,000 bushels oats, while the receipts of corn exceeded the shipments by about 61,000 bushels.

It is remembered that Mr. Dexter Hawley, Cleveland's manager in the convention, will be Chairman of the National Democratic Campaign Committee and will be held responsible for all the subscription work. There is a disposition among Democrats generally to insist that as New York State turned the nomination of Cleveland, it shall be held to account in the event of Cleveland's defeat.

The Anti-Saloonists and Local Reformers say that they will support Bacon for President. They will refuse to consider the claims of Cleveland, while they declare that they intend to support Bacon. They say that they intend to support Bacon. They say that they intend to support Bacon. They say

Improvement of Thirty-first Street—The Passenger Service—The Union League Club Negotiating

The Market Quiet—The Small Amount of Business Due to the Conventions.

Note Sent, the Architects—Pavilion and Building Permits of the Week.

Improvement of Thirty-first Street—The Passenger Service—The Union League Club.

"Do you remember what I said you about Thirty-first street a few months ago?" said Tim Sullivan's Washington avenue friend to a reporter the other day. "Well, the prediction in that line are being more than verified, for the street is making wonderful strides in its improvement. At the northeastern corner of Thirty-first street and Calumet avenue a handsome building has been commenced, which will be occupied by the United States as a building for the South of Adams and Dearborn streets, and which will cost, when completed, about $50,000. There are other improvements, principally stores and tenements, now under way on Thirty-first street, a mile between Cottage Grove avenue and Rhodes avenue, and to-day as a business street will be greatly enhanced. I think, in the spring, work will be commenced on the railway depot that the Chicago City Railway Company is going to put up on Thirty-first street, and I am convinced that before many years the thoroughfare will be devoted exclusively to business from Cottage Grove avenue to Rhodes avenue. I cannot see that the previously unimproved district between Cottage Grove and Rhodes avenues is ever being built up. This portion, I think, has been built back by the fact that Thirty-first street did not formerly have any switching facilities. But the erection of switches for trains such as those at the corner of the street and the avenue will attract good residences, and will operate to build up this district in the vicinity. I also consider that the superior character of the buildings on the north side of Thirty-first street, between Cottage Grove and Rhodes avenues, will operate to build up the south side of the street, and when a good class of residences and flats is once started on Thirty-first street it will continue to the lake. The Union League Club is going to put up a handsome building on the corner of Thirty-first street and Calumet avenue, a few doors south of the Chicago City Railway depot, and other improvements, principally stores and tenements, will make Thirty-first street a solid business thoroughfare from Cottage Grove to Wentworth avenue, and in time as a business street will be greatly enhanced. I think, in the spring work will be commenced on the railway depot that the Chicago City Railway Company is going to put up on Thirty-first street, and I am convinced that before many years the thoroughfare will be devoted exclusively to business from Cottage Grove avenue to Rhodes avenue. The Market.

The real-estate market during the last week has been almost entirely devoid of interest, for which the conventions and delayed negotiations were in a large measure responsible. Capitalists were also busy attending to the regulation of their affairs, and the result is that the transactions are considered. Trade is extremely dull in this branch, and about such a condition as a genuine convention is effected it tends not to a revival of business, but to a further depression. RICHMOND STRAIGHT CUT NO. 1

CIGARETTES

We offer this brand to smokers as an improvement on our old and only original "RICHMOND STRAIGHT CUT NO. 1" which has met with unprecedented sales everywhere.

The superior quality of the Tobacco used in these Cigarettes, notwithstanding they are lighted in price, has given them a popularity among connoisseurs NEVER BEFORE OBTAINED for any brand.

These pure, Sublime Cigarettes are truly A GREAT LUXURY.

Do not be imposed upon by imitations or cheap brands, which are always flavored with poisonous drugs, used to supply the place of that delightful aroma found only in the HIGHEST PRICE, BRIGHT VIRGINIA TOBACCO. Thus you pay a little more money for the "BON-TON RICHMOND STRAIGHT CUT NO. 1" as do for packages of do, but they are cheaper in the end, in the luxury and comfort they afford, without the dangers attending cheap cigarette smoking. Ask your dealer for the "BON-TON" and take no other.

For the best poem written upon our "BON-TON" Cigarettes we offer an elegant Silver Tea Service, Gold-lined, consisting of two pieces, which cost $100.00, now to be seen at Giles Bros., State and Washington-sts. The award to be made Sept. 15, by competent and disinterested judges. An empty package of "Bon-Ton Richmond Straight Cut No. 1" must accompany each poem, and be addressed to Chicago office.

SCORING THE CONS.

[SPECIAL.]

WASHINGTON, July 11.—[Special.]—Democrats in the House of Representatives, several hours after the adjournment of the session this evening, were busily engaged in scoring the Democrats who voted with the Republicans on the question of the admission of Utah and the free coinage of gold at the present ratio. When questioned for publication as to their motives in so voting, they generally declined to be interviewed, but in the cloakrooms and corridors they were not so reticent. Many of them declared that they had been forced to vote as they did because of the pressure brought to bear upon them by the administration. Others declared that they had been induced to vote as they did by the promise of the Republicans to support the Democratic candidate for President. Still others declared that they had been induced to vote as they did by the promise of patronage. WASHINGTON, D. CLEVELAND'S DONATION.

[SPECIAL.]

NEWARK, N. J., July 11.—[Special.]—The fact that Ex-President Cleveland has received the handsome contribution of $1,000 from the Democratic committee of New York to help defray the expenses of his campaign in Buzzards Bay, has created a sensation in political circles here. When asked this evening as to the truth of the report, Mr. Cleveland said: "I have not received any money from the Democratic committee of New York, nor from any other committee, nor from any individual, for the purpose of defraying the expenses of my campaign in Buzzards Bay. I have not asked for any money, and I do not intend to ask for any. LONDON, July 18.—[Special Cable Dispatch to The Chicago Tribune.]—It appears that the Irish people have left Australia since the arrest, and the German newspapers have just published another letter from that city and Sydney purporting to be written by Irishmen and addressed some way for sentence on their fellow-bads, to prison.

AN ACT.

Many prominent newspapers in Germany are urging the Government to assist the Arab, at once to the best of its power to put down the slave trade. In both countries the public feeling is strongly expressed against that the African question must be settled throughout Europe. Some papers even go so far as to declare that the Government is not justified in making a fuss about such matters, and that it ought to remember its duties to its own people first. Such opinions are, however, confined to a few journals, and the general feeling is that the Government ought to do all in its power to put down the slave trade.

The Guild in New York City—Some Account of the Famous "Sorosis."

Mrs. Croly, or "Jenny June"—Mary Hayes Dodge, of "St. Nicholas."

Mary L. Booth, of "Harper's Bazar"—Rossiter A. Smith and Others.

New York, July 18.—[Special Correspondence.] A woman who gets her living by her pen is as conspicuous a figure in New York City as she was a generation ago. Then Margaret Fuller stood almost alone in Gotham, except with an imperial bearing that they are now nearly twenty-five that could be "Can if they could do something"). Doubtless there was among the rest of pioneers in Bloomer protest; but the metropolis was ripest for the irresistible Harriet Martineau and Mrs. Trollope from England and Frederika Bremer from Sweden, and to greet their arrival Mrs. Ingersoll took the stage-coach down from Hartford and Catharine Sedgwick made a solitary journey from Stockbridge. Virginia Penn avers it does not seem hardly possible that Mrs. Ingersoll and Miss Sedgwick are now dead, though they are generally recalled from those remarkable late excursions made by the transports of the daily press. It is the purpose of this letter to tell something about those who are here known.

The only woman's organization in the city which may be called by any means famous is the Sorosis club known as Sorosis, though there are to-day one of the pleasantly and some of the handsomest and most talented women there ever were in or out.

Sorosis was organized in March, 1868, as a protest against the social entertainments of [illegible] which the great Dickens had refused to give and which even made at their table even when they offered their $10 a ticket. I remember hearing Mrs. Croly in a speech tell what a time she had Mrs. Wright and also Gen. Lee to arrange a menu for the Hospital Letter of Spiritualists, and how Mrs. Lucy Stone [illegible] 5 cents, and then a friend of public would [illegible] Sorosis was the first [illegible] of literary gentlewomen, and [illegible] Mrs. Croly, [illegible] Mrs. Dodge, [illegible] Mrs. Howe, [illegible] Mrs. Cheney, [illegible] Mrs. Ingersoll, [illegible] Mrs. Hunt, [illegible] Mrs. Lozier, [illegible] Mrs. Graves, [illegible] Mrs. Hoffman

THE ELECTRIC GIRL.

A Night of Lively Mystery in Wallack's Theatre, New York.

The Late Rural, a Georgia Countryman, Puzzling the Lore Metropolis.

The Technical Questions, and the Varying Opinions as to the Power She Exerts.

New York, July 14.—Does Wallack's present new farce, Miss Late Rural, last night, a woman's will, supernatural girl to a rash man to the act of moving herself to a chair from the footlights, the managers that great possibilities, and there audience, and have engaged him the right position at the top of the bill. The most that can be said in favor of the piece is that it is not dull. It is not even commonplace, and it is not without a certain amount of cleverness. Some of the situations are ludicrous, and a hearty, long guffaw rewards them.

The underlying motive is entertaining. As the play opens Miss Late Rural, a young girl from the country, is discovered in the parlor of a New York boarding house. She is not at all as she appears to be. She is not a country girl, but a young lady of fashion, who has assumed the rôle for the purpose of studying the characters of the boarders. Among the latter are a young man who is in love with her, a young woman who is in love with the young man, a young man who is in love with the young woman, a young man who is in love with himself, and a young man who is in love with the young woman who is in love with the young man who is in love with himself. The young man who is in love with himself is a young man who is in love with himself. The young man who is in love with himself is a young man who is in love with himself.

The fine card on the program at the Driving Park yesterday was that for passers of the 2:15 class, in which the starters were Knight, Peter Kinney, and Gentle Bride. As has been several times known to have for local sport than the others have ever put on, it being assumed that this would be easily. The race was such a hollow affair for the last as scarcely to require a set summary. Knight going to the front every heat and not being headed. Before the start for the third heat the judges took out the driver of Peter Kinney, putting Peter Johnson in his place, but the change did no good, Kinney breaking on the backstretch and finishing last.

Summary:

In starting for the first heat Peter Kinney broke badly, going under the wire behind the others, and Johnson was unable to get him down to the line in front of the judges' stand before the others were on the way to the quarter. Kinney was then sent to the front, but broke again on the backstretch
